B.Tech, Computer Science and Engineering
Address : 14,Nandha nagar
No1 tollgate
Trichirapalli

Education

Kanna Internation School May 2019 - May 2020
10th · CBSE · Malayadikurichi 87%

Dharani International School May 2021 - May 2022
12th · CBSE · Vasudevanallur 75%

SRMIST Sep 2023 - May 2027
B.Tech · Computer Science and Engineering · Tiruchirapalli 9.01

Experience

Dhobi G
Graduate Engineer Trainee Valasaravakkam,Chennai
GET at Dhobi G, contributing to the development of AI-driven solutions for the commercial laundry industry. Collaborating on projects involving predictive maintenance, delay prediction, smart resource management, and dashboard development while gaining hands-on experience in data analysis, machine learning, and industry-focused problem solving.

Projects

Student Information System Sep 2025 - Oct 2025
· ,Java,SQL,Eclipse IDE DBMS
Developed a Student Information System using Java (JDBC) and MySQL, enabling full CRUD operations across academic, hostel, mess, accounts, and exam modules with validated data storage and retrieval.

Medical Diagnosis Using AI Oct 2025 - Nov 2025
· TensorFlow,NumPy, Jupyter Notebook. Machine learning
Developed an AI-driven medical diagnosis system to detect heart disease, Parkinson's disease, thyroid disorders, and lung cancer using machine learning models, enabling early diagnosis and improving clinical decision support.

Generative Design for Aerodynamic Wind Turbine Blade Feb 2026 - May 2026
· Python, NumPy, Pandas, MATLAB, OpenCV Generative Design
Developed an AI-assisted generative design system for optimizing wind turbine blade structures to improve aerodynamic efficiency and energy performance. The project focused on analyzing blade parameters, simulation-based optimization, and performance evaluation using computational and machine learning techniques.

Certifications

Cyber Security Virtual Internship Mar 2025
Paloalto

Network Security Associate Virtual Internship Sep 2025
FORTINET

Techsaksham Certificate of Internship Jul 2025
Microsoft &SAP

Certificate of Internship Completion May 2025
NIT,Trichy

Oracle Certified Professional Oct 2025
ORACLE

Certificate of Completion Oct 2025
AWS Academy Graduate-Generative AI foundations

Publications

Sustainability in Academia: Towards a Greener Campus Aug 2024
THE DAWN PUBLISHERS

Competitions

Horizon-Hackathon
Participation
Built an AI-powered mental health chatbot to provide emotional support, assess user mood, and offer basic guidance using NLP techniques.

ProtoThon1.0 - Hackathon
Participation
Developed an API-based system to analyze patient health parameters and detect anemia using machine learning for early and accurate diagnosis.

Conferences and Workshops

6th International Conference on Data Science and Bigdata Analytics Mar 2026
Microsoft CMT
Authored and submitted a research paper on AI-assisted generative design for aerodynamic wind turbine blade optimization through the Microsoft CMT conference platform, focusing on improving blade efficiency, performance analysis, and sustainable energy generation using computational and machine learning techniques.

Extra Curricular Activities

Honors in Quantum Computing
Pursuing Honors in Quantum Computing to strengthen my understanding of next-generation computing technologies, with a focus on qubits, quantum gates, superposition, entanglement, and quantum algorithms, while exploring their real-world applications in advanced problem-solving and innovation.

Skills

Areas of Interest: Machine Learning, Computer Vision, Data Science, Web Development
Technical Skills: Data Structures, DBMS, SQL Queries, REST APIs, Model Training
Programming Languages: C, C++, Python, Java, SQL
Domain Knowledge: Artificial Intelligence, Image Processing, Database Management Systems, Software Engineering

Languages

English [Native Proficiency], Tamil [Native Proficiency]
